STOP THE CUTS TO MEDI-CAL DENTAL

ACT NOW: *Scan With Your Phone* →

Make your voice heard in Sacramento. It only takes a minute to tell your representative why protecting our oral health matters.

California is on the brink of devastating cuts to Medi-Cal Dental.

Unless Governor Newsom and the Legislature act, a **\$1 billion cut** — one-third of the program's funding — will take effect July 1, 2026.

Medi-Cal Dental serves **15 million Californians**, yet these cuts would roll funding back to 1990s levels, forcing patients to forgo basic care, worsening overall health, and driving preventable dental emergencies into already strained ERs.

The proposed cut is short-sighted, disproportionate and harmful to the state's most vulnerable residents.

Act Now
**before
\$1 billion
is cut.**
